Portable & Permanent Vinyl Floors

HARLEQUIN STUDIO

HARLEQUIN STUDIO is one of our special hardwearing floorcoverings designed for dance, studio and stage use.

Produced in rolls it is a complex vinyl construction incorporating a strong mineral fibre interply and a firm foam backing. The surface is produced from a hard-wearing vinyl and its formulation focuses on the demands of dancers.

The result is a slip-resistant floor to reassure performers and a predictable surface to give confidence to dancers for demanding choreography and movement. The firm but lightweight foam backing helps to protect against hard subfloors.

HARLEQUIN STUDIO stays firmly in place on the floor and is excellent for touring. It can be laid on any hard, smooth surface, e.g. particle board, hardwood, terrazzo, concrete, vinyl tile etc. It is an excellent surface for a sprung subfloor.
