Portable & Permanent Vinyl Floors

HARLEQUIN STUDIO "B"™

HARLEQUIN STUDIO B - designed for extra strength and with a firm cushioned foam backing. Studio B protects against hard sub-floors, but is still light enough to be portable for touring. Studio B's surface is specially formulated for ballet, modern, and other barefoot dancing. Available in 2 colors, Studio B also helps to reduce noise.

HARLEQUIN STUDIO B is designed for extra strength, and has a firm cushioned foam backing. Studio B protects against hard sub-floors, but is still light enough to be portable for touring. Available in two colors, Studio B also helps to reduce noise while offering a special embossed surface which allows ballet and modern dancers freedom of movement.

HARLEQUIN STUDIO B is a special hard-wearing floor covering suitable for dance studio and stage use, but light weight, making it suitable for touring as well as permanent installation.

HARLEQUIN STUDIO B is a complex vinyl construction incorporating a tough, woven mineral interply with a support layer and backed with a closed cell foam layer. The top dance surface is produced from a particularly hard-wearing vinyl, and offers just the right surface for ballet, modern and other barefoot dancers, added confidence for demanding choreography and movement. Suitable for laying on a hard, smooth floor or as a dance surface for Harlequin sprung floors.
