

Harlequin Studio Dance Floor

- slip resistant surface
- support layer
- mineral fiber interply
- closed cell foam layer

"Harlequin Studio™, a dance floor which offers my dancers unlimited comfort on the ground or in the air."

"Harlequin Studio is a dance floor which responds perfectly to the demands of classical and contemporary dancers. Available in many colors, Ballet Biarritz chose it for the supplemental cushioning it affords its dancers. Soft to the touch, it unrolls in a snap, does not buckle, and has a supple underside which compensates for any irregularities in the floor below it. Used by the greatest names in dance, Harlequin Studio dance floor satisfies

both the needs of private or professional dance schools. Samples are available upon request."
